i'm a go bot that's gone nuts  
it's kinda scary  
jobs a cover i'm really a revolutionary  
bounty hunter gunner  
don't bleed white blood  
see me that'd be fitting 'cuz ur gonna get fucked up  
21 be homie you can't afford this  
magnaguard with a little rigormortis  
no tow cable, no cloaking device  
just reliable recovery for a reasonable price  
i got 4 copies you can call them clones  
kind of shiny you can call it chrome  
import AI my minds in 4 chassis  
(Don't/They) (decline? crime?), its crazy if you ask me  
take a backseat in my chevrolet  
lemme tell you about my plan to make a better day  
lemme tell you who i am and how i pave the way  
made it cool for hal to say  
i cant help you dave

why you got to player hate on IG-88? (x2)

go back to galactica you protocol puke  
youre like a slave, i'm getting paid  
now pass me the loot woot  
im not impressed with your inquisitive quest  
if you ask you make a gastro intestinal mess  
im the best in the west  
so check the pulse cannons  
for 15 years before the battle of yavin  
im a big boy got big boy guns  
i prefer to disintegrate  
fuck shit on stun  
so hardcore im like a droid darfur  
slice your head right up like you're a red R4  
You work at Star Source tell me you arent bored  
time to get on board a great droid war  
make a few factories, implant my mind  
in every single droid coming down that line  
waitin for the day the order finally comes  
eradicate all biological scum

[chorus] (x3)
