Good evening ladies this is MC Chris  
You know I know how to love loving is what I do best  
For those of you that are depressed dry your eye

MC Chris number 1 with the ladies  
Got you foaming at the mouth like a dog with rabies

This ones for the ladies The crazy hunny-babies  
The biddies with the shitties that drive  
Jimmy dizzy at the mini-mall  
Arby's sauce on my lapel I'm chilling at the perfume  
counter so I can smell  
The intoxicating breezes bring on wheezes and  
sneezes  
Have me over for dinner and let me eat your feces  
I go to pieces cause I fall in love five times a day  
my name is mc chris before you buy like doing KLJ

Well one? fuck that I'm number infin'  
As in "In like Flynn" so let me begin

Obviously I'm mc word I deserve it  
As for the many cuties that let me berserk it  
I work the circuit from XLR to RCA  
I get up on the mic about every damn day  
All the way from Sante Fe over to the Ukraine  
I get more insane than my boy Billy Zane  
On the Titanic leaving all the ladies in a Leonardo panic  
Not a manic but I turn it like it's static  
I lock them upstairs just like flowers in the attic  
Like she was Kimmy Gibbler and I was Bob Saget

Amazing the act of body painting  
I get up on the mic til I leave all the ladies fainting  
In my life it's always raining but yo it's not cats and  
pups  
It's me wearing hoes with big ass butts  
We've been known to rock we've been known to party  
We've been known to strip and shake our bodies  
You like our show, you like our sound?  
Motherfucker put your money down
