Hello, my name's mc chris, I am white and I rap
I know that you think my voice is kinda annoying
But when it is on a mic, it is nice, kinda like
The wind through wind chimes at night
Now knight me The Boy King
I'll require a throne and hoes don't forget, lots of drow
Wasn't long ago I lived on milk and kidney beans
But, now I've been vilified
Thanks to these mic skills of mine
Nerds, they all get in a line with things to sign, mc
Groupies throw their thongs and bras Midget girls,
Amazons
Take 'em home, pajamas on let's play some hide-and-
seek
But don't worry Dad and Mom, always have a condom
on
I got better sense than that don't wanna catch VD
Did I discuss my dividends? That depends, are we
friends?
If we are then I can say I'm slingin' wicked bling
Enough that I can loan you some whatcha want, 100
bucks?
Pay your rent, buy you a tux to me it's not a thing
In the end it's just revenge honor, that's my last
defense
They should not have been so cruel so callous in their
ways
They were jealous of my depth they would not give it a
rest
Hope my story's end sends them to an early grave
Everything's just as I planned I'm the bomb, I'm the
man
Sold out shows, New York, Japan, I fill the stands with
teens
Hope they don't mind a melted face the smell of toast
metallic taste
That's the smell of burnin' brains, you can blame mc
Fire and brimstone wrath of Hell take the cards you've
been dealt
Take your wife to the hotel and F her in the tub
Key your car and steal your mail think I won't? I will

prevail
My jams will be anthems causing tantrums in the clubs
Riot gear and dissidence a loss of life and innocence
Parachute apocalypse, It's like it's World War III
'Cause I failed a fitness test doesn't mean you have to
jest
Maybe I should fill your chest with some gasoline
You might want to look away while the flames eat your
face
You'll be nothing but a bunch of bones, perhaps some
teeth
Hope you learned your lesson dude a little less
ineptitude
Please be kind to others, you'll be smothered in your
sleep
Bitches need to understand you don't fuck with mc
Bitches need to understand you don't fuck with mc
You hear that, bitches?
