You know that I've gone to hell
Don't ask me, I'll never tell
I looked to God as I fell
I crawled out my grave
I'd trade myself for some flesh
This is my cannibal quest
I wasn't looking for this
But now you look like steak

Your head I'll be holding
Ripped jeans, both for showing
Fright night, chopper flowin'
I just scored some bath salts baby

Hey, I just met you
And this is crazy
But I just did bath salts
Your face looks tasty
It's hard to look right
Eyesight's hazy
But I smell your blood trail
And you smell tasty!

Hey, I just met you
And this is crazy
But I just did bath salts
Your face looks tasty
It's hard to look right
Eyesight's hazy
But I smell your blood trail
And you smell tasty!

There were brains on the wall
I saw the government fall
We all took over the mall
This fountain's in my way
Some beg, and borrow and steal
So that they might find a meal
I scream and guess what? You squeel
And then I eat your brains

Your head I'll be holding
ripped jeans, both for showing
Fright night, chopper flowin'
I just scored some bath salts baby

Hey, I just met you
And this is crazy
But I just did bath salts
Your face looks tasty
If you make a fucking noise
There might be a chase scene
I just did bath salts
Your face looks tasty

Hey, I just met you
And this is crazy
But I just did bath salts
Your face looks tasty
If you make a fucking noise
There might be a chase scene
I just did bath salts
Your face looks tasty

Before you came into my life,
I was so hungry
I was so hungry
I was really fucking hungry

Before you came into my life,
I was so hungry
I ate a monkey
I was really fucking hungry

If you make a fucking noise
There might be a chase scene
I just did bath salts
Your face looks tasty

Hey, I just met you
And this is crazy
But I just did bath salts
Your face looks tasty
If you make a fucking noise
There might be a chase scene
I just did bath salts
Your face looks tasty

Before you came into my life,
I was so hungry
I was so hungry
I was really fucking hungry

Before you came into my life,
I was so hungry
I ate a monkey
I was really fucking hungry

Hungry, hungry, hungry, hungry
Hungry, hungry, hungry, hungry
Hungry, hungry, hungry, hungry
