We whisper on the back porch.  
And you tell me how you were.  
I don't know.  
How you feel or how much you've been hurt.  
By my words in the past.  
Oh baby, baby, baby.  
Sit and relax with me.  
Hear me out.  
You're what I want and what I need.

But we're done, okay now, it's starting to set in.  
Well fine, okay now, I guess you can have him.

And you act like everything is okay.  
You're not sad that I'll be leaving.  
When he's gone, I hope you'll miss me then.

We're yelling on the back porch.  
Because I don't understand.  
How you feel.  
Worse with and better with him.  
Well I'm hurt with the words you.  
Told me baby, baby.  
Try and just cope with me.  
And tell me how.  
I can change, so I'll stay around.

But we're done, okay now, it's starting to set in.  
Well fine, okay now, I guess you can have him.

And you act like everything is okay.  
You're not sad that I'll be leaving.  
When he's gone, I hope you'll miss me then.
