Slowly is the pace we're moving
And impatient is how you are
Well maybe we're just not convincing
Cause it looks as if we were wrong from the start
Will we pull through?

Chorus:

I wish she never brought it up
That everybody else lives life so perfectly it seems,
Our whole world is falling down

When the consequence is me
You just don't care babe
And by the looks of everything
Your not coming home soon

And you whisper a narrow-minded concept
As if it would help us in the long run to succeed
Well if I just wanted that
I wouldn't be in a relationship with you
Cause there's plenty girls with the booty
But not a better heart than you
Well hun I guess I was wrong

Chorus:

I wish she never brought it up
That everybody else lives life so perfectly it seems,
Our whole world is falling down

When the consequence is me
You just don't care babe
And by the looks of everything
Your not coming home soon

Not soon enough for me
To act this all out
But now we're both stunned

Chorus:

I wish she never brought it up
That everybody else lives life so perfectly it seems,
Our whole world is falling down

When the consequence is me
You just don't care babe
And by the looks of everything
Your not coming home soon

Not soon enough for me...
