Do you ever think about me when your lying all alone
Do you ever wonder what I'm doing and reach for the
phone
But then you realize your not gonna crawl back to me
Do you ever wonder if I might do the same thing
And do you miss our conversations or the way we used
to sleep
I just got to know some answers cause this pain it hurts
so deep
Ohhh do you think about me
Do you think about me yeahhh
Do you think about me

Do you ever think about me when your with another guy
and
Do you ever picture my face when you look into his
eyes
And then realize that it's not even me
Or do you smile cause your glad I set you free

Do you miss our conversations or the way we used to
sleep
I just got to know some answers cause this pain it hurts
so deep
Ohhh do you think about me
Do you think about me yeahhh
Do you think about me

When everything is pulling you in a million different
ways
And you don't know what to do and you don't know
what to say
You can put your faith in me and I'll wipe your tears
away
I will be there for you the rest of all our days

Do you miss our conversations or the way we used to
sleep
I just got to know some answers cause this pain it hurts
so deep
Ohhh do you think about me
Do you think about me yeahhh

Do you think about me
