The lights go down we sink into the fault
Can't figure out all these things at once
It's too much
The time is on the side of those who rush
But this is slowing me down

I'm frightened of the time you spend alone
From conversations we've had on our way home
And such a sensitive love
With such impossible luck
Just like you've never been hurt
It's nice catching us up

And why don't you think of me when you're alone
There's maps I've played with blanks and I guess you
wanna learn
You didn't let me know
And if you hate me will you tell me that you do

Cause I know that you believe in me
Cause all the things you say are true
You said I won't watch you lie to me
But it's all you ever seem to do

And why don't you think of me when you're alone
There's maps I've played with blanks and I guess you
wanna learn
You didn't let me know
And if you hate me will you tell me that you do

And we drink our lives and breath days in
With shallow breaths from our bruised heads
And we know, it's the same tonight
And from all we've learned about ourselves
From empty glass and open mouth's I know
The city belongs to us

And in the back of cars and shotgun'd seats
And empty backstage rooms all over this country
I've learned more about myself than I ever knew
And your sectioned lies and regretfull fights
Become so miniscule aside of what we learn

And how I depend on you

Cause you've been fighting for a long time giving up
Cause you inspired me in spite of everything I know
Cause I know

Cause you've been fighting for a long time giving up
Cause you inspired me in spite of everything I know
Cause I know

Oh woah oh
Oh woah oh oh oh oh
Oh woah oh oh woah oh oh oh

Cause you've been fighting for a long time giving up
[oh woah oh oh woah oh oh oh oh]
Cause you inspired me in spite of everything I know [oh
woah oh woah oh oh oh oh]
Cause I know

Oh woah oh
Oh woah oh oh oh
Oh woah no no no
