What is this new twist
The lighting has left things unseen
But actions bring them to surface
And they speak louder than words
Have I bitten the poison apple
Or am I just sleeping beauty
There's a mirror on the wall
But it doesn't recognize your face
It doesn't recognize your face
Will this be the final curtain call
Or should I leave after all
Leave me here
(you will) never leave me here
(love me) not
You're so perfect
You're so perfect, perfect
Look now, a blemish has surfaced
(of your) suspicious disaster
With me the stories rewritten
(one more) body bag fitted
Look now, a blemish has surfaced
(of your) suspicious disaster
With me the stories rewritten
(one more) body bag fitted
Have I bitten the poison apple
Or am I just sleeping beauty
There's a mirror on the wall
But it doesn't recognize your face
But it doesn't recognize your face
What's behind your eyes
Lurking inside
Are you happy now
Tearing me down
(1 2 3 4) reasons no more
(4 3 2 1) walk out my door
You need to learn
You will never learn
It's over
It's over
It's over
And we're both better off
This fairy tale's over

So don't be what you're not
Tightrope walking on this blade's left a cut
And you've been bled of color
Is that what you want
To be another faceless soul
Lost in my black and white world
NO
Close the curtain
