Stepping out  
The weekend's open wide  
Fill it up, let's  
Blast the jams and ride

While we're cruising  
Around in the street  
Listen up for the partying feet  
Slap me five, that's the place  
We've arrived, it's alive

Everybody, take it to the top

[CHORUS]  
We're gonna stomp all night  
In the neighborhood  
Don't it feel all right  
We're gonna stomp all night  
Wanna party 'til the morning light

Running, running, running

The set is hot  
There's people wall to wall  
Old ones, young things  
Short ones standing tall

So, grab the one with  
The smile on her face  
And hit the floor and  
Stay right on the case  
The heat is on and the funk  
Just won't leave us alone

Everybody, take it to the top

[Repeat CHORUS 2x]

Stomp, step down in it  
Put your feet where  
You feel the fit

Stomp, you don't want to quit  
Put your heel where  
You're feeling it

[Repeat CHORUS 3x]

Stomp, step down in it  
Put your feet where  
You feel the fit

Stomp, you don't want to quit  
Put your heel where  
You're feeling it  
Take it to the top

Stomp, step down in it  
Put your feet where  
You feel the fit

Stomp, you don't want to quit  
Put your heel where  
You're feeling it..
