Ain't I got a right to be Wrong?

When the words came tumbling out of my mouth
I felt it all goin' south
But I kept on talkin' till you started walking
Now I'm trying to dig my way out

Ain't I got a right to be wrong?
I can't believe you're so long gone
Why can't you just come on home?
Ain't I got a right?
Ain't I got a right to be wrong?

You know I never meant to hurt you
I'm sorry for what I put you through
as much as I regret it, you won't let
Me forget it
Baby what you trying to do?
Ain't I got a right to be wrong?
I can't believe you're so long gone
Why can't you just come on home?
Ain't I got a right?
Ain't I got a right to be wrong?

Well I meant what I said and I said what I meant
Never stopped to think about the consequence
I tried and I tried to apologize
But you just won't leave it alone
Ain't I got a right to be wrong?
When the words come tumbling out of my mouth
I felt it all goin' south
