(T. Kiely)

Wake up! Theres something I could go for  
It's kind of dark and there are things that I'm not sure  
of

But I've seemed to have enough of the questioned  
thoughts  
I don't do much more than the things I'm taught  
I wish I could be all the Ones I'm not

Skeletons and Bones will listen to me  
When they hear my song they dance right through me  
Become a Skeleton and see what you'd be  
Cause I'm just skin and bones Come join The Family

You'd be one of us
