I wasn't gonna fall but now I'm in trouble
I didn't care at all but look at what's happened
You came around, you came around
And stole my heart away
You laid me down but you didn't stay

I'll be fine, I'll be alright
As soon as I have one more sad night
I'll dry my eyes, curse all your lies yeah
I'm feeling better, I'm moving on
It's my right you did me wrong
For now I'll say all my goodbyes
With just one good cry

I thought you were the one until you stumbled
How could you take my love and leave me with
nothing?
There comes a time all in good time
You make your peace with it
Why break me down then walk away?

I'll be fine, I'll be alright
As soon as I have one more sad night
I'll dry my eyes, curse all your lies yeah
I'm feeling better, I'm moving on
It's my right you did me wrong
For now I'll say all my goodbyes
With just one good cry

One tear for all the things you promised me
One tear to wash away the memories of you

I'll be fine, I'll be alright
As soon as I have one more sad night
I'll dry my eyes, curse all your lies yeah
I'm feeling better, I'm moving on
It's my right you did me wrong
For now I'll say all my goodbyes
With just one good cry

One more good cry, One more good cry
