This room feels empty, this bed feels cold  
You know this feeling gets me everytime I'm gone  
I long to hold you, touch your skin  
Lay down beside you, and remind you of us but until  
then  
This hearts on fire, burning across the sky  
Anytime I'm not right there, you're not right by my side  
You're on my mind  
Every kiss I miss it gets me closer to  
Coming home to you  
It ain't easy this road we're on  
But you make it so I always know that you're the one  
So don't stop talking till I fall asleep  
And when I do I'll run to you and in our dreams we'll  
meet  
This hearts on fire, burning across the sky  
Anytime I'm not right there, you're not right by my side  
You're on my mind  
Every kiss I miss it gets me closer to  
Coming home to you  
Get ready when I get there you won't have to say a  
word  
Everything I want everything I need is waiting in your  
arms  
This hearts on fire, burning across the sky  
Anytime I'm not right there, you're not right by my side  
You're on my mind  
Every kiss I miss it gets me closer to  
Oh yeah yeah  
Every kiss I miss it gets me closer to  
Coming home to you  
Coming home to you  
Oh yeah yeah yeah  
Oh get ready I'm coming home to you  
Yeah yeah yeah  
Get ready I'm coming home to you  
Coming home to you
