You had some dirty secrets hidden under your smile by the way you're so together must have had this planned for a while. I've been too nice and worn my heart on my sleeve and all the things I gave to you are coming back to bite me, and you are no longer we look me in the eye and tell me one thing.

How long have you known it was gonna be ooooover.
How long have you known you were gonna leaveee. Did you know last night when we were making love or last week when I said that baby you were the one. How long have you known it was gonna be oooo ooooover.

Ohh now the pain that's in my heart and in my wallet too, I can take it as I listen but I don't wanna be sad and blue. What does she look like and what does she do. Come on baby don't you think it's time for the truth, and boy you made me believe put me outta my miseryyyyyyy.

How long have you known it was gunna be oooooover.
How long have you known you were gunna leaveeeeeee. Did you know last night when we were making love or last week when I said that baby you were the one. How long have you known it was gunna be oooo ooooover. Yeah!

Ohhh Ohhh you and me are no longer we, look me in the eye and tell me one thingggg. How long have you known it was gunna be ooooooover. How long have you known you were gunna leavee yeeah! Did you know last night when we were making love or last week when I said that baby you were the one. Yeah! How long have you known it was gunna be oooo oooover. How long have you known it was gunna be ooooveerrrrr.
