"Piece Of Me"

Sunlight falls across the room, I wake up and reach for
you
Feel that empty space that's next to me
And I recall you left last night, the way we kissed and
how I cried
Till you're back from where you've been, I won't be
whole again

Cause every time we say goodbye and walk away, I can
feel my heart break
Cause every time you leave, you take a piece of me
No matter how long, baby that you're gone, I'll always
be right there
In your thoughts and dreams, you take a piece of me,
yeah
You take a piece of me

I get dressed and start my day, put these feeling in
their place
Try not to think about you till you call
I got a million things to do, a drink with friends is
overdue
But without you here with me, I'm still incomplete, yeah

Cause every time we say goodbye and walk away, I can
feel my heart break
Cause every time you leave, you take a piece of me, oh
oh
No matter how long, baby that you're gone, I'll always
be right there
In your thoughts and dreams, you take a piece of me,
yeah
You take a piece of me... with you, oh
No matter where you are, no place is too far away

Every time we say goodbye and walk away, I can feel
my heart break
Cause every time you leave, you take a piece of me,
yeah
And no matter how long, baby that you're gone, I'll
always be right there

In your thoughts and dreams, you take a piece of me,
yeah
You take a piece of me, yeah
You take a piece of me, yeah yea
You take a piece of me, yeah
You take a piece of me
You take a piece of me
