Walking with my head inside a cloud  
Flying like an angel on the ground  
Looking at a thousand faces  
But that don't bother me  
I'm moving inside the spaces  
Of somewhere in between  
I don't know why everybody's talking at me  
I'm gonna shut them out  
They can try to trip me up or steal my stuff  
But that won't bring me down  
And all I really want to do is tell 'em all where to go  
Yeah all I really want to do is rock the boat  
Here is my new philosophy  
Happiness is all inside of me  
Maybe I don't have the answers  
But something's waking up inside  
Maybe all that really matters  
Is shaking up my life  
I don't know why everybody's talking at me  
I'm gonna shut them out  
They can try to trip me up or steal my stuff  
But that won't bring me down  
And all I really want to do is tell 'em all where to go  
Yeah all I really want to do is rock the boat  
Follow me into the ocean  
Come on I dare ya  
Take a ride, realise  
In every moment your there  
We're there, everybody  
I don't know why everybody's talking at me  
I'm gonna shut them out  
They can try to trip me up or steal my stuff  
But that won't bring me down  
And all I really want to do is tell 'em all where to go  
Yeah all I really want to do is rock the boat  
Oh Oh Oh  
Rock the boat (rock the boat)  
Here we go (here we go)  
I don't know  
Rock the boat (rock the boat)  
(Here we go) Rock the boat
