Handle it, handle it

Now I got to worry (handle it)
About this romance (handle it)
Cause you got it, baby (handle it)
You got it right in your hands (handle it)

I don't know what I'm doing (handle it)
Well, it's time I ought to say (handle it)
I better get myself together (handle it)
And start working it out today

I got to (handle it)
Ooh, watch what you say
I got to handle it, ooh
If I want your love

I got to (handle it) mmm, baby
I got to (handle it) mmm, mmm, mm

I got to (handle it) baby, baby, baby
Got to (handle it) mmm mmm

(One) you really got class, baby
(Two) I know your love won't last
(Three) your love is so strange you say
(Four) your ways just won't change

(Five) you call me on the phone
(Six) you said I better stay at home
(Seven) you tease me all the time
(Eight) and then you confuse my mind

I got my reasons, yeah
Why I got to handle it
Aww, here is (one)

The situation is
Messing with my reputation
(Two) your love for me
Is miscalculation
(Three) every man needs

A man's temptation
(Four) slow it down
This is a new generation

And I got to handle it
I got to handle it, baby
I got to handle it...
