You know it doesn't seem that long ago  
That I had your love and let it go  
And I really let you down I know  
I'm losing your love

I guess it took a while for me to see  
What it is you really mean to me  
I've been as big a fool as I can be  
For losing your love

Want you back in my life again  
I don't want to be your remember when  
Want you back in my life again  
Let's go back to the place where it all began  
I've lived long enough with your memory  
Now I know that I need you here with me

There was a time I thought I had it made  
But I didn't see the price I had paid  
And the price gets higher every day  
And all I can say is

You're the only one who knows my heart  
So let's take it right back to the start  
And I won't have to play the part  
Of losing your love

Want you back in my life again  
I don't want to be your remember when  
Want you back in my life again  
Let's go back to the place where it all began  
I've lived long enough with your memory  
Now I know that I need you here with, here with me

You're the only one who knows my heart  
So let's take it right back to the start  
And I won't have to play the part  
Of losing your love

Want you back in my life again  
I don't want to be your remember when  
Want you back in my life again

Let's go back to the place where it all began  
I've lived long enough with your memory  
Now I know that I want you, know that I need you  
Back in my life

Want you back in my life again  
I want you back in my life again
