You know I can't smile without you
I can't smile without you
I can't laugh and I can't walk
I'm findin' it hard even to talk

And I feel sad when you're sad
I feel glad when you're glad
And you must know what I'm goin' through
I just can't smile without you

You came along just like a song
You brightened my day
Who'd believe you were part of a dream
That only seemed light years away

And you know I can't smile without you
I can't smile without you
And you must know what I'm goin' through
I just can't smile without you

Some people say the happiness wave
Is somethin' that's hard to find
Into the new, leavin' the old behind me

And I feel sad when you're sad
I feel glad when you're glad
And you must know what I'm goin' through
I just can't smile without you

Into the new, leaving the old behind me

And I feel sad when you're sad
I feel glad when you're glad
And you must know what I'm goin' through
I just can't smile without you
