Talk about love, how it makes life complete
You can talk all you want make it sound good and
sweet
But the words have an empty ring and they don't really
mean a thing
Without love you are not to be found, you are not to be
found

For love is surrender
You must surrender if you care
You must surrender if you care

Shout about love then the wars will all end
You can shout we're all brothers and even pretend
But you can't cover up the past just pretending will
never last
Without love you are nothing at all, you are nothing at
all

For love is surrender
You must surrender if you care
You must surrender if you care

Love is surrender
You must surrender if you care
You must surrender if you care
