Darlin' you've got me fallin'
'Cause you're the only one whoever does it light
Every night I'm dreamin' about the feelin'
You know I can't explain what's goin' down
My head keeps spinnin' round
(*) You are my lovelines and that's alright with me
Just give good times the way that love should be
Baby you're the warn glow that helps me through the
day
And darlin' I know I'll always fell this way
'Cause lovelines never fade
Baby come on and take me
Into that wonderland where lovers go
Heaven knows I need you I want feel you
I got that strange sensation deep inside
That only you can satisfy
Repeat (*)
So give me lovin' like I've never know before
Make me cry out loud for more my love
You're right on my lovelines and that's alright with me
Just give good times the way that love should be
Baby you're the warn glow that helps me through the

day

And darlin' I know I'll always feel this way

(**) 'Cause you're right on my lovelines and that's
allright with me

Just give good times the way that love should be

Baby you're the warm glow that helps me through the
day

And darlin' I know I'll always feel this way

Repeat (**)
