Maybe it's you, maybe it's me
Maybe it's just the constant rhythm of the sea
Maybe it's just that I have never been
The kind to pass a lucky penny by
Maybe it's wise, maybe it's not
Maybe it's you who brought the caring I forgot

Isn't it nice to talk about the special way
That you smile whenever I'm around

Rising on the shore the oceans came
Walks along the waves of velveteen
His only thought was love for me

Couldn't we stay or must we go
Couldn't we stay and watch this splashing rocks we
throw
Only a fool would want to leave the paradise
That I find whenever your around, only a fool

Isn't it nice to talk about the special way
That you smile whenever I'm around

Rising on the shore the oceans came
Walks along the waves of velveteen
His only thought was love for me, love for me

Couldn't we stay or must we go
Couldn't we stay and watch this splashing rocks we
throw
Only a fool would want to leave the paradise
That I find whenever your around, only a fool, only a
fool
