After long enough for being alone  
Everyone must face their share of loneliness  
In my own time nobody knew  
The pain I was going through  
And waiting was all my heart could do

Hope was all I had until you came  
Maybe you can see how much you mean to me  
You were the dawn breaking the night  
The promise of morning light  
And filling the world surrounding me

When I hold you, baby, baby  
Feels like maybe things will be all right  
Baby, baby, your loves maybe free as a song  
Singing for ever

Only yesterday when I was sad and I was lonely  
You showed me the way to leave the past  
And all the tears behind me  
Tomorrow maybe even brighter than today  
Since I throw my sadness away only yesterday

I've found my home here in your arms  
Nowhere else on earth I'd really rather be  
Life waits for us to share it with me  
The best is about to be  
And so much is left for us to see

When I hold you, baby, baby  
Feels like maybe things will be all right  
Baby, baby, your loves maybe free as a song  
Singing for ever

Only yesterday when I was sad and I was lonely  
You showed me the way to leave the past  
And all the tears behind me  
Tomorrow maybe even brighter than today  
Since I throw my sadness away only yesterday

Only yesterday when I was sad and I was lonely  
You showed me the way to leave the past

And all the tears behind me  
Tomorrow maybe even brighter than today  
Since I throw my sadness away only yesterday
