Are we really happy with this lonely game we play
Looking for the right words to say
Searching but not finding understanding anyway
We're lost in this masquerade

Both afraid to say we're just too far away
From being close together from the start
We tried to talk it over but the words got in the way
We're lost inside this lonely game we play

Thoughts of leaving disappear each time I see your
eyes
And no matter how hard I try
To understand the reason why we carry on this way
We're lost in this masquerade

We tried to talk it over but the words got in the way
We're lost inside this lonely game we play

Thoughts of leaving disappear each time I see your
eyes
And no matter how hard I try
To understand the reason why we carry on this way
We're lost in a masquerade
We're lost in a masquerade

And we're lost in a masquerade
