"So This Is Love"

So this is love, real love
And it's like Paradise, oh, yes
Really a paradise
For you and for me

So this is love, real love
And it's so wonderful, oh, yes
Even more wonderful
Than I thought it could be

Not long ago I didn't know
What this thing called
Love was about

Now that you're here
Now that you're near
Each beat of my heart cries out

So this is love, real love
And it's so heavenly, oh, yes
It's very plain to see
We're really in love

Oh, yes, so this is love
Oh, yes, so this is love
