Follow the carpet to the wall  
Watch the pictures start to fall  
There's nothing left here worth defending

Now we're pretending  
Just pretending  
It's ugly but it's true

Hey, something tells me you're still here  
Come on in pull up a chair  
It's complicated and depressing

Now we're pretending  
Just pretending  
It's ugly but it's true  
Oh, it's ugly but it's true

Yeah, I'm working on borrowed time  
I know I've said this before  
Dancing round in my head  
Rather be hopeful instead  
Got lots of time 'fore I'm dead  
Yeah, got lots of time 'fore I'm dead

And until then it's not too late  
I ate it all licked off the plate  
Lies on repeat, continue playing

Now we're pretending  
Just pretending  
It's ugly but it's true  
Yeah, it's ugly but it's true  
I know it's true
