Pre>(it's in bbm)

I could get used to this

So far-

Or should I take it just a little farther

So good-

And if I think about it, it gets better

I could get used to this

I could get used to this

I could get used to

Feeling the way that I do

So long-

Or should I stay just a little longer

So much

For keeping it a secret

I could get used to this

I could get used to this

I could get used to

Feeling the way that I do

Oh, all the times I told myself

I could never fall in love

Love is just too difficult

Oh, too bad

I'm only talking to myself about it

So sad-

I guess I'm going to have to live without

I could get used to this

I could get used to this

I could get used to

Feeling the way that I do

I know, I know, I know how it goes

Baby, will I get the chance?

I could get used to

Feeling the way that I do.
