Little tornado  
Bane of the trailer park  
Lifting houses to leave your mark

Little tornado  
Noah can build his ark  
But he will never disembark

Make it go faster  
Baby go faster  
Make it go twice the speed of you and me

Litter tornado  
You and the hurricane  
Close your eyes and go campaign

Make it go faster  
Baby go faster  
Make it go twice the speed of you and me

Oh, no, no we don't  
No we don't know

Little tornado blew out the window pane  
Left the inside to the rain
