Better pack your bags and run Or stay until the job is  
done Baby you could sit and hope That providence will  
fray the rope And sink like a stone Or go it alone And  
isn't it enough for you Isn't it enough? Isn't it enough  
for you For you... Isn't it enough? So better pack your  
bags and run Where you don't look like anyone And do  
what you do Send it to oblivion Till it buries you That  
anyone would care about And isn't it enough for you  
Isn't it enough Isn't it enough Isn't it enough for you  
Like Major Reno on the bluff And isn't it enough?  
Wondering aloud if help is on the way And baby isn't  
this your chance To make a break with circumstance  
Isn't it enough to prove today's the day? And isn't it  
enough to prove today's the day?
