She was looking kinda sad and lonely,
And I was thinking to myself if only,
She'd give me a smile but,
Its not gonna happen that way..

So i took it upon myself to ask her,
Would you like company and maybe after,
We could talk a while but,
I just don't know what to say..

Coz you've got everything that I want,
And I just can't explain so,
Help me babe, I gotta get over you!

Now and then she looks in my direction,
Im hoping for a sign of her affection,
But she's in denile and,
Shes got some worries today..

But I think if she'll give me a chance,
I'll pleasantly surprize but,
Help me babe I gotta get over you..

She has everything that she wants and,
I just can't explain so,
Help me babe I gotta get over,
Help me babe I gotta get over,
Help me babe I gotta get over you..
