Tell me that you want me baby
Tell me that it's true
Say the magic words and
I would change the world for you

An army for the broken hearted
Marching through the streets
The city is surrender
And it's falling at your feet

I wanna hold you
My skies are turnning black
It's like a heart attack
And I'd do anything you ask
I wanna hold you bad

I'd melt the polar icecaps baby
And watch them flood the earth
I'd do anything to show you
What our love is worth

So wont you show me your devotion
To heal my aching heart
And keep polluting like the oceans
Tearing me apart.

I wanna hold you
My skies are turning black
It's like a heart attack
And I'd do anything you ask
I wanna hold you bad

Attention please
We interupt this programme
With some disturbing news.
A worldwide evacuation
WE'RE GOING TO LOSE
And they've pulverised the nation
I geuss it shows us what love can do

I wanna hold you

My skies ar e turning black
It's like a heart attack
And I'd do anything you ask
I wanna hold you bad bad bad

I'd do anything you ask
I wanna hold you bad
