I'm gonna roll you
I'm gonna roll you
All thru the night
I'm on the run now
Having some fun now
For the very first time
In my life
I can't get enough of this
I can't get enough how ever hard I try
I said
I can't get enough of this
I can't get enough how ever hard I try
Cause when I want something
I'm gonna get that thing
Ya when I want something
I'm gonna get it
even though it might hurt
Ya when I want someone
I'm gonna get that one
even though it might hurt
I'll penetrate you
Yeah penetrate you
So hard so good
Bet you knew I would
