When my parents outta town,
I got all my buddies round,
So we gonna have a party tonight
And if your daddy's got the truck
Then I'll come and pick you up
And anyone who wants to go for a ride
And if you wanna have a drink
There's some bottles by the sink
There'll be 20,000 people inside
You know that everybody likes to party on Saturday nite

We got every girl in school in the deep end of the pool
If you wanna take a dip bring your trunks
When we start to dim the lights
Gotta find a girl you like
And you better hope she's already drunk
If somebodys feelin sick
Get them in the garden quick
Cos we don't want them to spoil all the fun
You know that everybody wants to party on a saturday
night

We're wakin everyone asleep
When we start the party in the street
We want the neighbours to complain
Cos the music's driving them insane

And if it's goin to your head
Get behind the garden she'd
That's where everybody goes to get laid
Or if you want another beer
Then there's plenty in the rear
No-one here to check if you're underage
And if you think you're havin fun
Then the partys just begun
And anyone who leaves will wish that theyd stayed
You know that everybody likes to party on a saturday
night

We're wakin everyone asleep
When we start the party in the street

We want the neighbours to complain
Cos our music's drivin them insane

When my parents come back home
I say we've been alone
But we don't know how the mess got this bad
I'll be grounded for a while
All I have to do is smile
And get a little talk from my dad
The next time they're away
All my buddies can stay
We'll do our best to drive the neighbourhood mad
You know that everybody likes to party on a saturday

Everybody wants to party on a saturday
Everybody loves to party on a saturday night
