Hey I'm looking up at my star girl
I guess I'm stuck in this mad world
Things that I wanna say
But you're a million miles away
And I was afraid when you kissed me
On your intergalactical Frisbee
I wonder why, I wonder why
You never asked me to stay

[CHORUS]

O-o-o-o so wouldn't you like to come with me?
O-o-o-o surfin' the sun as it starts to rise
O-o-o-o whoa your gravities making me dizzy
Girl I gotta tell you I'm feeling much better
Make a little love in, the moonlight

Hey there's nothing on earth that could save us
When I fell in love with Uranus
I don't want to give you away
Cause it makes no sense at all
Houston we got a problem
The ground control couldn't stop them
I wonder why, I wonder why
You never asked me to stay

O-o-o-o so wouldn't you like to come with me?
O-o-o-o surfin' the sun as it starts to rise
O-o-o-o whoa your gravity is making me dizzy
Girl I gotta tell you I'm feeling much better
Make a little love in the moonlight

Fly away
Watch the night turn into day
Dance on the Milky Way
Melt me with your eyes
My star girl rules the sky.

1, 2, 1, 2, 3, GO!

Hey I'm looking up at my star girl
I guess I'm stuck in this mad mad world

Things that I wanna say
But you're a million miles away

O-o-o-o so wouldn't you like to come with me?
O-o-o-o go surfin' the sun as it starts to rise
O-o-o-o so wouldn't you like to come with me?
Girl I gotta tell you I'm feeling much better
I can't get enough of you
Galaxy defenders, stay forever
Never get enough of you
