Kicking off is the hardest part
Nothings certain at the start
Letting go, so something can begin

Figure out how to get our life
Leave tomorrow, live tonight
Gotta throw,
Throw your heart right in

Cause we all fall down

Everybody knows the end
When the curtain hits the floor
And everybody knows the end
Don't wanna get there wishing
That you given more
It's not over, till it's over
So how do we begin
When everybody knows the end

Yeah

I need to live with nothing to fix
Don't tell me what's gonna happen next
I'm alright, I like the way this feels
Leave behind all the things I miss
Next stop isn't where you think it is
Cause tonight, I'm riding off the rails

Cause we all fall down

Everybody knows the end
When the curtain hits the floor
Everybody knows the end
Don't wanna get there wishing
That you given more
It's not over, till it's over
So how do we begin
Ohh and everybody knows the end

Is where you hope you never say

"I could of done it better"
And I'm gonna keep accounts
And throw away what doesn't really matter

And I wanna die (and I wanna die)
On the highest high (on the highest high)
It's not over (its not over)
Till it's over
I wanna stay here forever

Cause we all fall down

Ohh yeah

Ohh everybody knows the end
When the curtain hits the floor
Everybody knows the end
Don't wanna get there wishing
That you given more
It's not over (its not over)
Till it's over
So how do we begin
When everybody knows the end yeah

Everybody knows the end
Everybody knows the end
