I wish I would have known you  
When you were just a child  
I would have cared for you  
Made sure you'd be alright  
And wish I would've been there  
When you went to highschool  
I would've dated you  
You could've been my  
homecoming queen  
My teenage dream  
Yeah in your eyes I read  
The whole Universe opening up  
Unseen galaxies with virgin shades  
Untouched by human eyes  
The drom of Calo  
With it's entire mystery  
With a love like this  
How could I go wrong  
all you need is for us to travel on  
Sometimes high baby some times low  
But never deprived of your love  
Your unconditional love  
And now that your with me  
its worth more than gold  
Cos I know true love's a gift  
Yeah a gift from high above  
And I never wanna see you down  
Cos when you smile  
you make me smile I realize  
everything you do is so worthwile  
So can I thank you  
for always being around  
This Gypsy Love blood song  
it really makes our love strong
