(Verse)

All they tell me is wrong, all they tell me is lies,
I can't hide so I run across the globe like a spy.
But the soul makes a hole burning right through the sky
All my feelings are bold and my thoughts are alive.

I would follow you there, through these thoughts to the
sun
Through the black in my eyes if I was the one.
Is it me who is led or said do I live with these drums to
the ends of all streets.

(Chorus)

Am I wrong? Not just to please you,
Makes me so alone, but I wanna believe you.

(Verse)

If a thought was a bum that was tricked by desire
We could light up these halls, we could dance in the
fire,
On an ocean of dreams and devotion of cause
In a motion of fears, in an ocean of bars.

And I love you, I love you, I love you, I love you,
But I need you to cry or I need you to do something
magic
Like sing as I fall into life, or I need you to fall and to
fall and to fly.

(Chorus)

Am I wrong? Not just to please you,
Makes me so alone, but I wanna believe you.
Am I wrong? Not just to please you,
Makes me so alone, but I wanna believe you.

Am I wrong? Am I wrong? Am I wrong?

(Bridge)

You called me last night,
You said "please, stay inside"
Oh, I was stupid and stoned,

I was deep in the ride.
On a ride to the fall and you rise and I cry
Cause I want to be born and you're fine.

(Chorus)

Am I wrong? Not just to please you,
Makes me so alone, but I wanna believe you.
Am I wrong?
