(Verse)

Now take a look at what you see,  
Do a little walking in your sleep,  
All around the garden shoots of green,  
All around the world the human beings  
They're crying out,  
Living in a dream,  
Some of them are nightmares, some of them sweet,  
Every now and then someone starts to sing  
Every now and then, but you're just standing there

(Chorus)

And staring at some message on your omnipresent  
phone  
You're so goddamn materialistic  
Man, you've got to let it, go to let it go.

(Verse)

Now I don't know what you've been told  
Every little gold fish is not gold  
Every little viper's not your friend,  
And a million dollars is not how your story ends.  
Doesn't mean a thing,  
Catch it on the wind,  
Throw it to the sea,  
There's a lot of old goddamnity  
Maybe you could see then if you want, you're  
standing

(Chorus)

And staring at some message on your omnipresent  
phone  
You're so goddamn materialistic  
Man, you've got to let it, go to let it go.

(Bridge)

There's gonna be a thunder in the hills,  
There's gonna be a red moon in the sky,  
People never do what they've been told,  
You gonna have to hold your love ones to you through  
the night,

Underneath the sky, turning out the lights,  
Everybody comes in by the fire  
Dance the night away, she looks into your eyes and  
now you're standing there

(Chorus)

Just staring at some message on omnipresent phone  
You're so goddamn materialistic  
Man, you've got to let it, go to let it go.
