(Verse)

While the traffic hums,  
When the madness comes  
As the wild buzzes  
While the wild will run.

(Pre-Chorus)

Like a flower that reaches out its fingers to the rain.  
Like a bird that flies above the gutters and the graves.

(Chorus)

Open up your face, open up your face,  
And move without a trace,  
You move without a trace.

(Verse)

And the water's fine  
As we drift away.  
Every single night  
Every single day.

(Pre-Chorus)

Like a human cannon ball who pierce the match strike  
flame  
Like a prisoner listening to the rumble of the train.

(Chorus)

Open up your face, open up your face,  
And move without a trace,  
You move without a trace.

(Bridge)

And I know you want me, I want you  
You want me, I want you  
You want me, I want you.

(Verse)

When it's coming down  
Drop your cloth of rain  
All the neighbors running at  
On a street of game.

(Pre-Chorus)

Like a cooling glowing through some desert afternoon  
Like the priest who kneels before his Mary in the gloom.

(Chorus)

Open up your face, open up your face,  
And move without a trace,  
You move without a trace.

And I know you want me, I want you,  
You want me, I want you,  
You want me, I want you,  
You want me, I want you,  
You want me, I want you,  
You want me, I want you,  
You want me, I want you.
