### "Side To Side"

We got soul  
Soul soul soul tonight  
We got soul  
Shake and we provide  
1.2.3.4  
So step from side to side to side now  
Honey move your hips from left to right now  
Fellas got to get loose to keep it tight now  
Well alright well alright

We got soul  
Soul soul soul tonight now  
We got soul  
Shake and we provide  
1.2.3.4  
So step from side to side now  
Honey's move your hips from left to right now  
Fellas got to get loose to keep it tight now  
Oh alright now

We got soul  
Soul soul soul tonight  
We got soul  
Shake and we provide

So step from side to side now  
Honey's move your hips from left to right  
Fellas got to get loose to keep it tight  
Well alright well alright well alright
