

The Cataracs

"Roll the Dice"

Visit "[Roll the Dice](#)" on MotoLyrics.com

(Intro)

Roll that!

Roll that!

Roll that!

Roll that!

(Verse)

I bet it to the gambling, hey

Blow on my dice, hey

Like pocket ace, we could be the pair in paradise

Lost some in beginning with strawberry lights

But I know we only live once

But that's enough if you do it right

Came too far to pop a light

Pop that firm, pop that long

Got that stable at my table

Pop that brother, it's about time

Push your chick over the line girl

Come take that risk

What is this life? I'm freakin livin in

(Hook x2)

Roll the dice! Gamble with my heart tonight baby

If we fall out, at least you know I be down to

Roll the dice! Really push it over the line, I'd rather

Get over it, take it home without you

Roll the dice!

(Bridge)

Roll the dice!

Roll that!

Roll that!

(Verse)

Aye girl I'm a simple man

I like 808's

9, 10, jack, king, and juby make my straight

Tell me, we could fold your hands, lift up the stakes

We could make mills like sadell's bruh, I'mma need you
to do one thing

(Hook x2)

Roll the dice! Gamble with my heart tonight baby
If we fall out, at least you know I be down to
Roll the dice! Really push it over the line, I'd rather
Get over it, take it home without you
Roll the dice!

We can put it on black, put it on red
The color of love, everyone says
The house always wins, but I'm feelin lucky
Let's do it together and double our money
Double our money
Double our money
Double our money
Double our money
Double our money
Double our money
Double our money
Double our money
Double our money
Double our money
Double our money

(Hook)

Roll the dice! Gamble with my heart tonight baby
If we fall out, at least you know I be down to
Roll the dice! Really push it over the line, I'd rather
Get over it, take it home without you
Roll the dice!

(Bridge)

Roll the dice!
Roll the dice!
Roll the dice!

(Outro)

Roll that!
Roll that!
Roll that!
Roll the dice!
