[Dev]
I'm staying up late tonight
I'm in a foreign city
Poppin' bottles in the ice
And all these girls are pretty

I'm staying up late tonight
Me and my best friends gettin' shitty
Poppin' bottles in the club
And you know we gettin' drunk

Til the sunrise up
The sunrise up
Til the sunrise up
The sunrise up
Til the sunrise up
The sunrise up
Til the sunrise up
The sunrise up
[X2]

I just did a car bomb
In the back seat, of a car
I'm like a cell phone with no bars
Swing! Motherfucker on par

We are, here for one reason
So keep the ratio even
And keep the radio beeping (on and on)
Like Simpsons season

Bleaking, on the bathroom floor
Got her wet like a thunderstorm
Sleep with me and not a whore (no!)
Daddy breaking down the back door

Ain't fucking, what the fuck you for?
Work it, where you get our source?
Twista, get on all fours
Off the lights, on the floor

[Dev]
I'm staying up late tonight
I'm in a foreign city
Poppin' bottles in the club (Ayee)
All these girls are pretty

I'm staying up late tonight
Me and my best friends gettin' shitty
Poppin' bottles in the club
And you know we gettin' drunk

Til the sunrise up
The sunrise up
Til the sunrise up
The sunrise up
Til the sunrise up
The sunrise up
Til the sunrise up
The sunrise up

Sunrise, dumb high
Got game to get you girl
Sunside, onside, all of that (son)
B-Town, where the ballers at?

Hollaback, if you my homie
If you're not, then get to know me
No snake but I might bite you, girl
Half naked with a half white, girl

Feeling like a have bites
Turn you on like a flashlight
Go H.A.M., hop on my bike
Look Ma, no hands

No plans but I'm spiderman
You Mary Jane, my fighter man
Vicodin, stop the beat
The sunrise look new to me

Can you see it?
What, where is it?
It's over there
Yeah it is
Over the horizon
The sun, the sun
It's rising

Til the sunrise up
The sunrise up
Til the sunrise up

The sunrise up
Til the sunrise up
The sunrise up
Til the sunrise up
The sunrise up
[X2]
