I think about you but I don't want to  
I dream about you're smile and face  
And I keep trying not to love you but I love you anyway  
We should be together, together  
We should be walking side by side  
We should be together, together  
Keeping each other satisfied

I have talk to come to know you  
I've come beneath you're company  
What will I do if I can't have you?  
If I can't have you, what will I do?  
We should be together, together  
We should be walking side by side  
We should be together, together  
Keeping each other satisfied

We should be together, together  
We should be walking side by side  
We should be together, together  
Keeping each other satisfied  
We should be together, together  
We should be walking side by side

We should be together, together  
Keeping each other satisfied  
We should be together, together  
We should be walking side by side  
We should be together, together  
Keeping each other satisfied  
We should be together, together  
We should be walking side by side
