"No, No, No"

Bom bom bom...

[CHORUS]

No, no, no

Don't kiss me anymore

No, no, no

I told you once before

No, no, no

Don't kiss me anymore

No, no, no

Means yes, yes, yes

I love you

And no one else will do

My heart sings

Don't ever say we're through

Please don't leave

Our love was meant to be

Please be mine

You know I love you

With all my heart

Please don't say that

We will ever part

Your kisses thrill me

When you are in my arms

Kiss me, darling

I'm lost in your charms

[Repeat CHORUS]

Bom bom bom...

[Repeat CHORUS]
