Chorus #1:

Everyone's a star
Look inside and you know you are

I saw a man dancing on the corner
Hat out, dancing for quarters
Every time, see a smile on his face
Never concerned with the fortune and fame

Saw a girl playing with her dollies
Brother took one then she called for her mommy
She started crying said one thing I know
Mama's flying down like a superhero

It's hard to see but you know that anyone can fly
Open your eyes, see the truth, and you will realize
(that)

Chorus #2

Everyone's a star
Look inside and you know you are
You can reach the sky
We can all play the part
"cause everyone's a star

Teachers teach on
Taxis blow your horns
Sweeper sweep on
DJ's keep rocking till the break of dawn

The simple things can be so profound
Bus drivers make the world go round
Everybody's got a thing to do
Mail man, trash man, waiters too
It's hard to see, but you know that anyone can fly.
Open your eyes, see the truth, and you will realize
(that)

Chorus #3

Everyone's a star
Look inside and you know you are
You can reach the sky

We can all play the part
"cause everyone's a star

Everyone's a star
All your dreams are never too far, oh no
You can shine so bright
Once you know in your heart
That everyone's a star

You gotta have faith
Faith in you (yourself)

Repeat Chorus #3
