"Falling For You"

[Chorus: All]

But I stumble when I speak
Melt, When our eyes meet
still can't believe that
I'm falling for you

I Can't fight these feelings
Can't find a reason
Still can't believe that
I'm falling for you, For You

[Adrienne]

Ooh, Yea, Yea

[Sabrina]

Wish I could say what i'm Thinking (but I don't)
I keep my feelings inside (to run and hide)
The Way i'm feeling about you (Cause I don't)
I don't know the way you'll reply.

[Adrienne]

I don't wanna take a chance boy
and ruin what we have boy
What do we share together it's cool

[Chorus: All]

But I stumble when I speak
Melt, When our eyes meet
still can't believe that
I'm falling for you

I can't fight these feelings
Can't find a reason
Still can't believe that
I'm falling for you, For You

[Kiely]

I gonna stop waisting time (Step to you)
here's what's been on my mind (Me and you)
I wanna take this thing further (Wasup wit dat?)

Not gonna sit here and wonder

[Adrienne]

So i'm gonna take a chance boy
and go for what I know boy
hope that I don't wound up a fool

[Chorus: All]

But I stumble when I speak
Melt, When our eyes meet
still can't believe that
I'm falling for you

I can't fight these feelings
Can't find a reason
Still can't believe that
I'm falling for you, For You

[All]

When our eyes meet
I get so weak
Still can't believe that i'm falling for you

[Adrienne]

I stumble when I speak
Melt, When our eyes meet
still can't believe that
I'm falling for you

I Can't fight these feelings
Can't find a reason
Still can't believe that
I'm falling for you

[Chorus: All]

But I stumble when I speak
Melt, When our eyes meet
still can't believe that
I'm falling for you

I can't fight these feelings
Can't find a reason
Still can't believe that
I'm falling for you, For You
