I could be recognized
By the distance
Yeah
I could be the biggest name
On the screen
Singing and dancing forever
Signing my name for whoever
Yeah, it's all in my reach
Yeah

If I give it all that I got
I get there to the top
But I don't even wanna to go
If I have to go there alone
So

Stand me on top of that mountain
Let me fly to the end of the world
Yeah, I can go anywhere
But if you're not with me there
It'll never be enough
There's no place like us
There's no place like us

If I find
The other side of the rainbow
Will I find that the gold
Ain't worth any price
Cause if we
Ain't there for each other
Then all I got doesn't matter
No it won't be right to

Give it all that I got
And get there to the top
If you're not up there with me
There's nothing I wanna see
So

Stand me on top of that mountain
Let me fly to the end of the world
Yeah, I can go anywhere

But if you're not with me there
It'll never be enough
There's no place like us
There's no place like us

It doesn't matter where we are
Or matter how far
Cause even when we go
Our separate ways
We'll be the place
I believe that I can do it
But alone I won't get through it
We know we gotta stick together
Cause no matter what
There's no place like us

No, no, no
No place like us
No place like us

Stand me on top of that mountain
Let me, fly to the end of the world
(Fly to the end, end of the world)
Yeah, I can go anywhere
(Anywhere)
But if you're not with me there
(With me there)
It'll never be enough
(It'll never be enough)
There's no place like us
There's no place like us

No place, no where
No way, no price I'd pay
There's no place like us
No where, no way
There's no place like us
