Little Sally sat in sad little corner
She couldn't dance
Call her a wall flower
She didn't know how
The beat grabs a hold of your soul

So she nods her head
And she snaps her fingers
She has it in her
Taps her feet to the speaker box
She doesn't dance but tonight
She might take the chance

Look up in the sky
Reach for it
It's your guitar
Get it girl you know
Fly like a shooting star
Let the music take you
Off the wall

The light shines bright
It lights up the dance floor
And now she's jumping
Dj's playing her favorite song
She's thinking the beat got
A hold of her soul

So she nods her head
And she snaps her fingers
She's got it now
Her feet are poppin' like pop rocks
The way she's rocking
Now she's a dancing queen
She is causing a scene

Look up in the sky
Reach for it
It's your guitar
Get it girl you know
Fly like a shooting star
Let the music take you

Off the wall

From the shadow to the spotlight
Lift it now she can fly
Spinning 'round and 'round
She lifts her hands and closes her eyes
It's got a hold of her and won't let go
It's in her heart and now it's in her soul

Look up in the sky
Reach for it
It's your guitar
Get it girl you know
Fly like a shooting star
Let the music take you
Off the wall
