Its the simple things time to put the lights up  
And decorate the tree look at the snow fall  
Candy cane and sweets going on a sleigh ride  
Feel it in the air having such a good time  
Celebrating everywhere

Time for Christmas all of us together never wanna miss  
it  
The joy all around you know it's time like this to see  
what really  
Counts

Its the simple things like a Christmas song sing along  
And your ready for the holiday it's the simple things  
The presents under the tree Christmas eve all the fun  
We have on Christmas day

(yeah, yeah, yeah, oh the simple things)

Hearing all the sleigh bells opening Christmas cards  
Gingerbread cookies Rudolph can't be far  
Getting cold outside staying warm by the fire place  
Children laughing Santa Claus is on his way

Time for Christmas all of us together never wanna miss  
it  
The joy all around you know it's time like this to see  
what really  
Counts

Its the simple things like a Christmas song sing along  
And your ready for the holiday it's the simple things  
The presents under the tree Christmas eve all the fun  
We have on Christmas day

Its the simple things like having all my friends here we  
can celebrate together  
Its the simple things like knowing Christmas is always  
on time and this year is even better

Think about all of the joy it brings it's easy to see now  
That what it's all about it's the simple things oh oh yeah

Its all about...

Setting out the milk and cookies Santa's coming tonight  
Like when we're all together having a good time

Its the simple things like a Christmas song sing along  
And your ready for the holiday it's the simple things  
The presents under the tree Christmas eve all the fun  
We have on Christmas day

Its the simple things like having all my friends here we  
can celebrate together  
Its the simple things like knowing Christmas is always  
on time and this year is even better
